LINK: <https://www.facebook.com/profile.php?id=61552536242671>

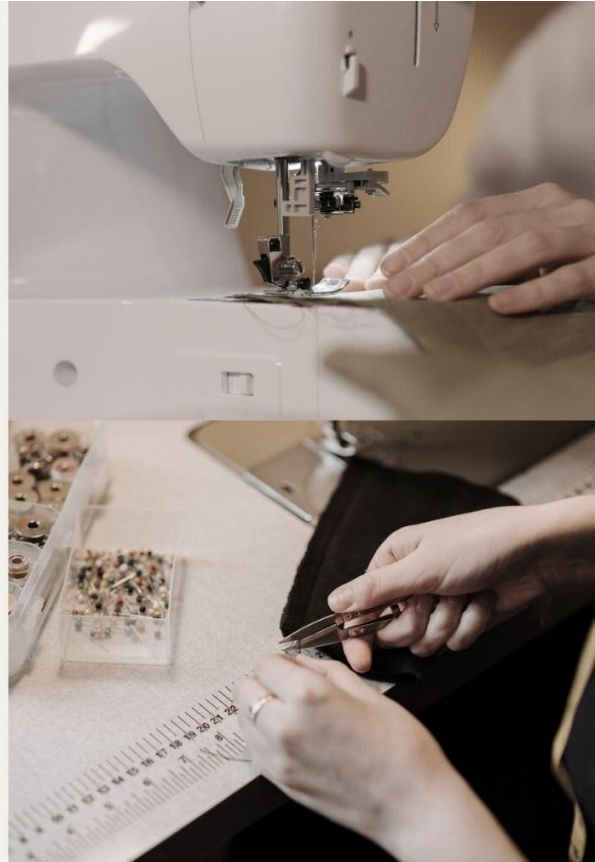

2.create email newsletter design using Mailchimp or Canva:

MANUFACTURING PROCESS

The measurement process in tailoring is a meticulous and crucial step, demanding precision and attention to detail. Using high-quality measuring tools, tailors take a comprehensive set of measurements, considering factors such as the client's posture and fit preferences. Double-checking each measurement ensures accuracy, and measurements are taken over the type of undergarments the client will wear. Effective communication with the client about the process and their preferences is key to achieving a tailored fit.

CREATE YOUR CUSTOM SIZE
